

“SPIRIT IN THE SKY”

## Caroline Summers

SENIOR VICE PRESIDENT, BRIGGS FREEMAN  
SOTHEBYS INTERNATIONAL REALTY

Passion for architecture, furniture and design drew Caroline Summers to residential real estate when she sought out her real estate license 20 years ago. But it's her knack for matching the perfect home with her clients' unique personalities and needs that has "made this a fulfilling career and not a job," she says. "To me, it's the best feeling in the world."

In 2014, Briggs Freeman honored her with the prestigious Charles P. Freeman, Spirit in the Sky award given to an agent who goes above and beyond in their efforts with clients, fellow agents and the community. This honor was bestowed in addition to her prestigious \$20+ Million production award. In 2014, Caroline achieved a 224% increase in her sales volume and sold several of the highest per-square-foot homes in Highland Park. We can not wait to watch her continue to soar.
